Classic Kit-B/H/C

Compatible Oxy/LPG

P/No **437380117HC**

Order Now!

Due to popular demand, the best selling **CLASSIC KIT** is now available with regulators in a heavy-duty waterproof/dustproof carry case complete with click-in tray for on-the-job convenience.

New Features:

Model 801 Industrial Regulators, intrinsically safe design with superior performance. The HARRIS mixing system uses gas at a lower pressure i.e. 40Kpa on LPG which provides gas savings and increased safety. Operators will enjoy that the handle suits right or left hand. Cutting attachment has a built in "ease-on" valve, for less sparks when starting and hot tips ensure quick starting.

Kit includes Reg-End Flashback Arrestors and Flashguards on Handle. Includes 9.5 metres of 6mm Harris Oxy/Acet Hose

Flashguards Fitted
